

various induction coil for different application

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications
<http://www.uihm.com>

different induction coil

High frequency induction heating of billets of titanium

induction coil design

induction coil for inside heating

induction coil for quenching

induction coil for tempering

induction coil segment

induction coil with magnetic core

Induction heating copper

induction quenching surface 2

surface induction hardening 4

surface induction hardening 5

surface induction hardening

twin induction coils

Base Induction Coil Design and Theory

Induction Coil Design and Fabrication
