

induction melting by IGBT or SCR

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications
<http://www.uihm.com>

Induction melting by IGBT machine will bring a quicker speed and being more energy saving than SCR ones, but IGBT when you are going to melting more than 800KG metal, SCR machine will be a better choice.
