

Induction Soldering circuit boards

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications
<http://www.uihm.com>

Soldering circuit boards Objective To heat post, lead or lead-free solder preforms for various circuit board soldering applications.

Material Upper and lower circuit boards, small and large lead or lead free preforms.

Temperature Soldering circuit boards

Twelve preforms in place for soldering

Coil in place to heat the 12 preforms

Completed soldering of the 12 post
