

induction heating motor winding

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications
<http://www.uihm.com>

Induction heating is widely used for heating various of auto parts such as motor winding, electric motor, motor drive etc., it will be more safer and quicker than common heating ways.
