

Ultra-high frequency Induction Heating with a ram's horn coil

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications

Ultra-high frequency Induction Heating with a ram's horn coil by UM-06A-UHF

Some tiny or small workpiece can only be heated by ultra-high frequency (>400KHz) induction heater, our UHF series induction heating machines are very good at heating these workpieces.
